## Glossary of Terms

**Electronic Case Filing (ECF)** - The system used by a public user to file electronic documents with the Court.

**Electronic Filing** - The process of uploading a document from the filer's computer using the Court's Internet-based Case Management/Electronic Case Filing System (CM/ECF) to file a document in a case. The CM/ECF System accepts documents in Portable Document Format (PDF) only.

**Notice of Docket Activity (NDA)** - An e-mail message containing a hyperlink to the document being filed through the ECF system. A Notice of Docket Activity is produced by the system at the time a document is filed and sets forth the attorneys or parties receiving notice/service. It is the equivalent of the Notice of Electronic filing (NEF) in Bankruptcy and District Court ECF systems. ## Hardware and Software Information

### 1. Computer

- a) A personal computer running Windows with Internet Explorer 6.0 (or higher)  
or Mozilla Firefox 3.0 (or higher). OR
- b) With the newest release of Appellate CM/ECF, some Apple Macintosh computers can be used to run all parts of the Appellate case management system. In order to run CM/ECF without additional software, you must have a 64-bit capable Macintosh and OS X Leopard 10.5 (or higher). If Apple's latest (June 2009) Java update, "Java for Mac OS X for 10.5 Update 4" has been loaded on your Mac, currently you will not be able to utilize the Court's CM/ECF system. The Court is working on an update to CM/ECF that will be compatible with the newest Java update from Apple. Please call the ECF Helpdesk at 267-299-4970 for further instruction on filing with a Mac.
- c) If you have a Mac that does not meet these requirements, you can run your Mac as a virtual Windows PC using software such as Vmware Fusion for Mac. Please note that software such as Fusion only works on Intel-based Macs. We apologize for any inconvenience this may cause, but it is beyond the court's control. This problem does not affect the court's ability to send you electronic notices, and Mac users should still register for CM/ECF so that they can receive notices.

2. Word Processing Software: Word Perfect, Microsoft Word or any other word processing software that will allow you to convert text documents to PDF.

3. Internet Service Provider and Web Browser: CM/ECF has been certified to work with Mozilla Firefox versions 1.5 or higher and Internet Explorer versions 5.5 or higher.

4. Email Account: You may register two additional email addresses for receipt of Notices of Docket Activity. The address(es) must be regularly monitored, as your only notification of case activity will be via email. Notices of Docket Activity will be sent from the Court's ECF System. Counsel must ensure that the spam filter operation on the network and computer receiving the email are set to allow notices from the Third Circuit.

5. PDF Conversion Software: WordPerfect versions 9, 10, 11, and 12 include the capability to convert text documents to PDF by clicking "File" on the toolbar and then "Publish to PDF." Microsoft Word does not include PDF conversion software. You may use Adobe Acrobat Writer or download free PDF conversion software from any source of your choosing. Interactive on-line training on converting Word or Word Perfect Documents to PDF is available at <http://pacer.psc.uscourts.gov/ecfcbt/dc/cccnvtpdf/>.

6. Scanner: Use a scanner ONLY if you do not have access to an electronic version of the document that would enable you to prepare a text PDF. Paper documents should be scanned into PDF image format at 300dpi with a “black and white” setting.
7. Java Runtime Environment (JRE) 6: Java6 is required for CM/ECF to operate on your computer. It is available at [www.java.com](http://www.java.com). Select the “Do I have Java” link and verify that the result is Version 6 Update (1, 2, 3 or above). If you do not have Version 6, the website will prompt you to download Version 6.

To obtain your “one free look” follow the instructions below:

1. When clicking on the document link from the NDA for the first time, the system will prompt you for your CM/ECF login/password. (If you login using the PACER account you will lose your free copy.)
